Explore and apply

Explore the idea

1. **Notice**

   Identify the situation and what matters.

2. **Act**

   Try one small, purposeful action.

3. **Reflect**

   Consider the result and choose what to improve.

Question 1. What is a useful next step after trying an action?

Practice exercise.

Select one answer.

1. Reflect on the result and decide what to improve.
2. Assume the first attempt was perfect.
3. Ignore what happened.

Apply what you learned

Make a practical plan

Choose one action you can take, decide when you will try it, and identify how you will know it helped.

- Name one useful action.
- Try it in a real situation.
- Reflect and adjust your approach.
